SAVINGS BANK.

BANK MUND & CO.

No. 103-calle de Cangallo.

The immense advantages of Accounts Current are now generally felt, and appreciated in the two great corporations of the River Plate—Montevideo and Buenos Ayres—where there are very few persons who do not keep one at the Bank in which they place the most confidence.

The Bank of Mund & Co. in Montevideo has already provided for the working class in that city, a safe and profitable depository for their savings.

The sums deposited in that most important institution are daily increasing and already reach a very large amount.

Those advantages have not hitherto been enjoyed in this city by an immense number of Clerks, artisans, workmen, &c., &c., of all classes & conditions, who are equally interested in putting their savings out to interest, thus providing themselves with a reserve fund in case of need, which would be of great service to them in the immoral gambling, in lotteries and other frivolities.

The Bank of Mund & Co. of this city following the example of their Buenos Ayres counterpart.

The Bank of Mund & Co. are also persuaded that this new branch of their business will render immense service to the working classes of Buenos Ayres and its neighbourhood.
